The policy shall apply to all staff and councillors of the Bitou Municipality that are involved in budget implementation.

4. BUDGET PRINCIPLES

The municipality shall ensure that revenue projections in the budget are realistic taking into account actual collection levels. The expenses may only be incurred in terms of the approved annual budget (or adjustments budget) and within the limits of the amounts appropriated for each vote in the approved budget.

Bitou Municipality shall prepare a three-year budget (medium term revenue and expenditure framework (MTREF)) which will be reviewed annually and will be approved by Council. The MTREF budget will at all times be within the framework of the Municipal Integrated Development Plan (IDP).

The annual budget will consist of a Capital and Operating Budget which will be discussed below:

4.1. Capital Budgets

The capital budget refers to the allocations made to specific infrastructural projects and the purchase of equipment and other forms of assets having a lifespan of more than one year.

4.1.1. Basis of Calculation

- a) The **zero based method** is used in preparing the new MTREF capital budget, except in cases where a contractual commitment has been made that would span over more than one financial year.
- b) The annual capital budget shall be based on realistically anticipated revenue (capital loans to be taken up will be deemed to be part of this), which should be equal to the anticipated capital expenditure in order to result in a balanced budget.
- c) The impact of the capital budget on the current and future operating budgets in terms of finance charges to be incurred on external loans, depreciation of fixed assets, maintenance of fixed assets and any other operating expenditure to be incurred resulting directly from the capital expenditure, should be carefully analysed when the annual capital budget is being compiled.
- d) In addition, the council shall consider the likely impact of such operational expenses- net of any revenues expected to be generated by such item- on future property rates and service tariffs.

4.1.2. Financing

Own Financing Sources
